

OHIO STATE DEPARTMENT OF EDUCATION LEARNING STANDARDS

APRIL-MAY FOCUS

History Strand

1. Multiple tier timelines can be used to show relationships among events and places.

2. Early Civilizations

The eight features of civilizations include cities, well-organized central governments, complex religions, job specialization, social classes, arts and architecture, public works and writing. Early peoples developed unique civilizations. Several civilizations established empires with legacies influencing later peoples.

Geography Strand

6. Human Systems

Human systems represent the settlement and structures created by people on Earth's surface. The growth, distribution and movements of people are driving forces behind human and physical events. Geographers study patterns in cultures and the changes that result from human processes, migrations and the diffusion of new cultural traits.

Economics Strand

14. Scarcity

There are not enough resources to produce all the goods and services that people desire. When regions and/or countries specialize, global trade occurs.
